## Spring 2008 Pikesville Lacrosse Clinic For Boys and Girls 5-6 years old

We are again looking forward to an exciting year with our youngest players.

This program has been designed to introduce 5-6 year olds boys and girls to the game of lacrosse.

Our primary emphasis will be for the children to have fun, learn the basics of the game and come home every week having had a great time. Sessions will focus on both drill work and scrimmaging. For many of you, this will be your child's first experience with lacrosse, we want it to be a positive experience and for each child to feel successful.

The season will begin in mid-April and will run for approximately 6 weeks  
on Saturday afternoons.

There may be an occasional weekday practice scheduled
